

Franklin on Milkshake

Hear me on Franklin this weekend!

Franklin is currently showing on Milkshake, Channel 5 here in the UK. I play Franklin's cute little sister, Harriet and some of his friends including Raccoon, Badger and various other guest characters. You can catch Franklin at 7.15am every Saturday morning...or, do as I do, and record it! 'Franklin' is a lovable turtle who goes on all kinds of adventures with his friends. It really is a charming cartoon. We recorded the voices at [Little Entertainment Post](#) in Gloucester.

Monarch Lady

"Hello and Welcome on Board this Monarch Airlines flight"

If you ever fly with [Monarch Airlines](#) then listen out for my voice.

My agent, [The Voiceover Gallery](#), have found me this new high-flying* job. The boarding video for Monarch Airlines was narrated by yours truly! I recorded the voice over last week (23rd April) and so am not sure when it will actually be used on-board, but the client was really happy, some might say it was a soaring* success! (*Sorry, couldn't resist)

Voicey Award Finalist

And the winner is...

...not me! But I was one of 5 finalists for a [Voicey Award](#), and was pipped to the post by fellow VO [Wuzhi Lu](#). The awards are organised by the team at [Voices.com](#) and are run on an annual basis. The category I was a finalist for was "Best Foreign Voice" - British comes under the "Foreign" category because Voices.com is based in Canada. [Voices.com](#) is an online marketplace of over 55,000 voice over professionals and clients world-wide. I was absolutely delighted to be a finalist and along with Wuzhi and myself the other voice talents that made the final 5 for the award are; [Claire Dodin](#), [Janpa Serino](#), and [Roald Woods](#).

Let me tell you a story

Audio-books are everywhere

Some wonderful short stories have been coming through for me to voice this year. A couple of recent ones

include "Holiday Butterflies" by Linda Bond for [Shortbread Stories](#) and "Henry and the Midnight Dentist" by Tony Carter for Brooks Audio Production. Listen to my audio-book demo [here](#).
